

Congratulations on renting a WiTourist Pocket WiFi device!  
We wish you a better stay in Italy with our mobile data connection always by your side.

**INSTRUCTIONS - The numbers indicated below refer to the cover image.**

The display layout may be different from the one on the image.

**1 - Turn ON/OFF**

To turn ON, press button 1 a few seconds.  
After about 20 seconds the icon 2 appears and the WiFi network becomes available.  
To turn OFF, press button 1 again for a few seconds.

**2 - Usage**

The WiFi network name (SSID) and password are printed on the label (3).  
The coverage radius is about 10 meters in open area.

The icon 4 indicates the remaining battery life.

You can connect up to 10 devices at the same time.  
Please consider that the bandwidth is shared between all the devices connected, so we suggest not to communicate the device password to other people, in order to get the best performance.

**4 - Charging**

Please use exclusively the provided charger and cable.  
In order to minimize recharging time, we suggest turning off your device while charging.

**5 - Data usage**

A daily data limit or fair policy usage rule is applied.

Read more at:

- **witourist.com** (online booking);
- **witourist.com/affiliated** (devices offered directly by our affiliated companies).

The data is monitored on 24 hours basis (e.g. today at 3:00 PM, the data is monitored from yesterday at 3:00 PM).

If the limit is exceeded, icon 5 disappears and the connection is disabled until 00:00 UTC.  
At 00:00 UTC the data connection is re-enabled automatically.

If you plan to use data intensively (e.g. peer to peer or prolonged streaming), we suggest you monitor the "WiFi data usage" on your own connected devices, or use the data counter (6).

**For further information, please visit [www.witourist.com/FAQ](http://www.witourist.com/FAQ).**

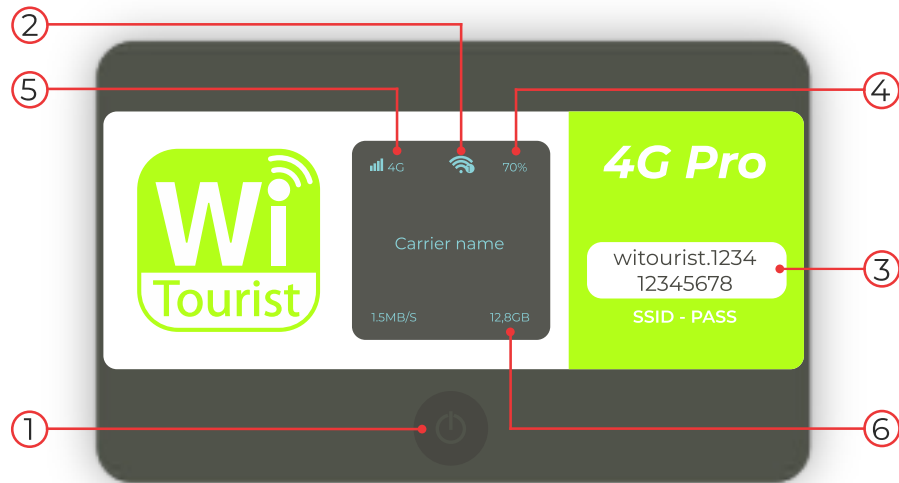

In case of theft or loss, please contact us as soon as possible in order to immediately disable the device.

Only return your device to the designated place and date, using the package provided.
